## Item 4 Advisory Business

Capstone Wealth Advisors Inc. (CWA) was started in the fall of 2002. Ronald J. Rich is the primary owner, with 55% ownership, Thomas M. Steinmetz owns 25%, Jacob C. Rich owns 10% and Teresa L. Barthuly owns 10%. CWA has no other locations or owners.

CWA offers personal Financial Planning Services and Wealth Advisory Services to individuals and families. Those services include tax reduction planning, discretionary asset allocation and monitoring, cash flow planning, estate organization, beneficiary, title and ownership designations, budgeting, life and wealth goal planning, discretionary asset allocation and monitoring includes allocation models built with investment products such as mutual funds, ETFs and separately managed accounts. The investment monitoring service includes periodic reports which address current values, cost basis and performance. The service also includes a tax letter summary of dividends, interest and capital gains and losses.

CWA meets personally with clients and prospective clients and reviews prior year tax returns, copies of existing investments and has a discussion about the client's cash flow, net worth, investing experience and life and wealth goals. Additionally, we attempt to understand a client's risk tolerance for market volatility and cash reserves to determine the appropriate asset allocation to help them meet their investing needs. For Discretionary Asset Allocation Services, clients may, in the case of the separately managed program, request that a particular security or types of securities be blocked from their account such as alcohol and tobacco.

Advisory Services to Retirement Plans – We offer various levels of advisory and consulting services to employee benefit plans ("Plan") but not directly to the participants of such plans ("Participants"). The services are designed to assist plan sponsors in meeting their management and fiduciary obligations to Participants under the Employee Retirement Income Securities Act ("ERISA"). Pursuant to adopted regulations of the U.S. Department of Labor, we are required to provide the Plan's responsible plan fiduciary (the person who has the authority to engage us as an investment adviser to the Plan) with a written statement of the services we provide to the Plan, the compensation we receive for providing those services, and our status. Capstone Wealth Advisors, Inc. is a state registered investment adviser and represents that it is not subject to any disqualification as set forth in Section 411 of ERISA. In performing fiduciary services, our firm is acting as a fiduciary of the Plan as defined in Section 3(21) under the Employee Retirement Income Security Act ("ERISA") for purposes of providing non-discretionary investment advice only.

Business Advisory Services - We provide advisory services to businesses that may include:

- Development of financial dashboard of key business metrics
- Tax reduction planning
- Determination of business value
- Development of business continuation plan (buy & sell)
- Monitoring of retirement plan
- Wage continuation benefits
- Integration of personal financial planning with business benefit planning

IRA Rollover Recommendations – Effective December 20, 2021 (or such later date as the US Department of Labor ("DOL") Field Assistance Bulletin 2018-02 ceases to be in effect), for purposes of complying with the DOL's Prohibited Transaction Exemption 2020-02 ("PTE 2020-02") where applicable, we are providing the following acknowledgment to you. When we provide investment advice to you regarding your retirement plan account or individual retirement account, we are fiduciaries within the meaning of Title I of the Employee Retirement Income Security Act and/or the Internal Revenue Code, as applicable, which are laws governing retirement accounts. The way we

make money creates some conflicts with your interests, so we operate under a special rule that requires us to act in your best interest and not put our interest ahead of yours. Under this special rule's provisions, we must:

- Meet a professional standard of care when making investment recommendations (give prudent advice);
- Never put our financial interests ahead of yours when making recommendations (give loyal advice);
- Avoid misleading statements about conflicts of interest, fees, and investments;
- Follow policies and procedures designed to ensure that we give advice that is in your best interest;
- Charge no more than is reasonable for our services; and
- Give you basic information about conflicts of interest.

We do not participate in wrap fee arrangements.

As of December 31, 2023, we continuously manage \$86,922,769 of client assets on a discretionary basis and provide advice on \$11,825,131 in assets on a non-continuous basis.

## Item 5 Fees and Compensation

### Financial Planning Services

We charge a project fee for financial planning services which is negotiable depending on the scope and complexity of the plan, your situation, and your financial objectives. You pay a retainer fee in advance of one half the quoted fees and the balance of the planning fee when the recommendation letter is delivered. The fee is based on an estimate of the total time required to complete the project at the start of the relationship. In limited circumstances, such as extending the length or scope of the initial project, the costs could exceed the initial estimate. In such cases, we will notify you in advance and request that you approve the additional fee. You will be billed directly for our advisory services related to financial planning. Financial planning fees are based on the general billing rate of \$250/hour.

### Wealth Advisory Services

Our advisory fees related to discretionary asset allocation services are payable within thirty (30) days after your receipt of our calendar quarter-end billing statement. The quarterly fee is equal to the amount computed by applying the following applicable quarterly percentage rate to the value of the account at the close of the immediately preceding quarter:

	Amount Invested	Quarterly Rate	Annualized Rate
First	\$500,000	.3125%	1.25%
Next	\$750,000	.2500%	1.00%
Next	\$750,000	.1875%	0.75%
Next	\$3 million	.12500%	0.50%
Next	\$5 million	.0625%	0.25%
In excess of	\$10 million	Negotiable	Negotiable

Please note, the above fee schedule does not include the advisory fees paid to SEI Investments Management Corp. In the event of a reduction of account assets during a calendar quarter representing substantially all of account assets, the quarterly fee, prorated to the date of such reduction, shall become payable immediately. The fee rate shall be determined by multiplying the quarterly fee rate times the ratio of the number of days in the quarter prior to the reduction to the number of days in the quarter. Larger accounts may negotiate fees per the fee schedule.

We will send you an invoice for the payment of our advisory fee or we will deduct our fee directly from your account through the qualified custodian holding your funds and securities. We will deduct our advisory fee only when the following requirements are met:

- You provide our firm with written authorization permitting the fees to be paid directly from your account held by the qualified custodian.
- The qualified custodian agrees to send you a statement, at least quarterly, indicating all amounts dispersed from your account including the amount of the advisory fee paid directly to our firm.

You may terminate the Wealth Advisory Services Agreement upon 30-days' written notice to our firm. You will incur a pro rata charge for services rendered prior to the termination of the portfolio Wealth Advisory Services Agreement, which means you will incur advisory fees only in proportion to the number of days in the quarter for which you are a client.

Clients incur mutual fund and separate manager fees in addition to the CWA advisory fee. The account opening documents for the individual fund or manager will provide details regarding additional charges and/or account size minimums.

#### Advisory Services to Retirement Plans

The services we provide to your Plan are described in Item 4 of this brochure and in the advisory agreement that you sign. Our compensation for these services are based on either a flat fee or on percentage of plan assets and is negotiable based on the complexity of the plan and amount of time needed to properly service the accounts under the Plan. We do not reasonably expect to receive any other compensation, direct or indirect, for the services we provide to the Plan or Participants. In most cases our fees are billed directly to the plan sponsor unless the plan sponsor arranges for our fee to be deducted from the plan or directs the plan record-keeper to issue payment for our fee out of the plan. If we receive any other compensation for such services, we will (i) offset the compensation against our stated fees, and (ii) we will promptly disclose the amount of such compensation, the services rendered for such compensation and the payer of such compensation to you.

#### Business Advisory Services

Business Advisory Services provided are at an hourly rate of \$250.00, due at the beginning of each quarter and payable to Capstone Wealth Advisors, Inc.

We do not sell products or receive commissions. We do not recommend investments that pay a commission, nor do we sell them.

## **Item 6 Performance-Based Fees and Side-By-Side Management**

We do not receive performance-based fees.

## **Item 7 Types of Clients**

Most of our clients are individuals and families. We also provide investment advice and monitor performance for small to mid-size 401(k) and profit sharing plans. We do not accept accounts smaller than \$250,000 and reserve the right to charge a minimum fee of \$2,500.00 annually for discretionary asset allocation services.

## **Item 8 Methods of Analysis, Investment Strategies and Risk of Loss**

We review our client's income tax return, discuss their personal life and wealth goals and the client willingness to accept market volatility. Based on this information we recommend investments and discretionary asset allocation models consistent with these factors. All investments have a risk of market loss.

All clients should be advised that investing has risks which include potential loss of principal, underperforming the market and experiencing extended periods of time when investments perform below historical averages. Historical returns are not guarantees of future performance.

Most of our clients invest in mutual funds or separately managed accounts. Diversified investments such as mutual funds or professionally managed portfolios do not prevent the risk of loss or guarantee performance. All investing activity includes the risk of loss of principal and underperforming the market.

## **Item 9 Disciplinary Information**

Capstone Wealth Advisors, Inc. has been registered and providing investment advisory services since 2002. Neither our firm nor any of our management persons has any legal or disciplinary information.

## **Item 10 Other Financial Industry Activities and Affiliations**

We have not provided information on other financial industry activities and affiliations because we do not have any relationship or arrangement that is material to our advisory business or to our clients with any of the types of entities listed below.

1. broker-dealer, municipal securities dealer, or government securities dealer or broker.
2. investment company or other pooled investment vehicle (including a mutual fund, closed-end investment company, unit investment trust, private investment company or "hedge fund," and offshore fund).
3. other investment adviser or financial planner.
4. futures commission merchant, commodity pool operator, or commodity trading advisor.
5. banking or thrift institution.
6. accountant or accounting firm.
7. lawyer or law firm.
8. insurance company or agency.
9. pension consultant.
10. real estate broker or dealer.
11. sponsor or syndicator of limited partnerships.

CWA also provides business advisory services to medical practices and other privately owned businesses on an hourly fee or fixed fee basis. These services include banking relationships, the sale and or purchase of the practice/business or its assets, practice management evaluations/reviews and financial/accounting. The fees paid for advisory services are separate and distinct from the fees for these other business services.

### **Recommendations or Selections of Other Investment Advisers**

CWA recommends other investment advisers to help with the administration of client accounts. In such circumstances, CWA will not share in the other investment adviser's asset management fee but will be paid separately by the client. This situation creates a conflict of interest. However, when recommending another investment adviser, the client's best interest and suitability of the other investment adviser will be the main determining factors of CWA. This relationship is disclosed to the client at the commencement of the advisory relationship. CWA will only recommend another investment adviser who is properly licensed or registered as an investment adviser.

Currently, CWA recommends that certain clients allocate investment assets among the various ETF & mutual fund asset allocation models, underlying mutual funds, and/or independent investment manager programs offered through SEI Investments Management Corp. ("SEI"), as well as investment models developed by CWA. SEI is a global asset management company and sponsor of its own proprietary mutual funds. SEI Private Trust Company, an affiliate of SEI, serves as custodian for each SEI account, and provides each client with reporting services, including consolidated monthly statements, quarterly performance reports, and year-end tax reports. SEI enables investment advisers such as CWA to offer its clients services that are not otherwise available to the general public. As part of its overall investment management program, SEI offers quarterly rebalancing of each client's investment assets for the purpose of maintaining the assets in accordance with the client's previously designated asset allocations for the SEI account.

### **Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading**

We do not buy or sell securities for clients in which we have a material interest.

We purchase and own the same mutual funds and use the same separate account managers as we recommend to our clients. We believe in what we recommend to our clients and purchase them from the same independent party as our clients and receive no preference or compensation.

Our purchase of mutual funds and the use of separate account managers similar to what we recommend to our clients does not present a conflict of interest. We pay the same price receive the same reports and are not compensated. Nor do we receive any preferences of any kind from the custodian.

### **Item 12 Brokerage Practices**

We maintain relationships with several custodians. While you are free to choose any custodian or other service provider, we recommend that you establish an account with a custodian with which we have an existing relationship.

## **Item 13 Review of Accounts**

We review all accounts no less than annually. Reviews are conducted by Ron Rich, Principal and the investment adviser representative assigned to the account. We review asset allocation, performance, cash flow in and out, gains and losses and manager changes.

We review periodically but will review anytime a client requests.

We provide no less than quarterly reports sent either by mail or electronically. The reports indicate current account market value, all activity, securities owned, cash flow in and out.

## **Item 14 Client Referrals and Other Compensation**

We have received no economic benefits, prizes or awards.

We directly compensate Smart Asset (solicitor) for client referrals. We compensate them based on a flat monthly fee or by paying them a one-time fixed fee for each referral they send us. In order to receive a cash referral fee from us, the solicitor must comply with the requirements of the jurisdictions in which they operate. If you were referred to us by a solicitor, you should have received a copy or link to access this brochure along with the solicitor's disclosure statement at the time of the referral. You will not pay additional fees because of this referral arrangement.

We request that our solicitor disclose to you whether multiple referral relationships exist.

Further we invite these individuals to our educational and lifetime learning events for the mutual benefit of our shared clients.

## **Item 15 Custody**

We do not have physical custody of any of your funds and/or securities. Your funds and securities will be held with a bank, broker-dealer, or other independent, qualified custodian. You will receive account statements from the independent, qualified custodian(s) holding your funds and securities at least quarterly. The account statements from your custodian(s) will indicate the amount of our advisory fees deducted from your account(s) each billing period. You should carefully review account statements for accuracy.

### **Trustee Services**

Persons associated with our firm may serve as trustees to certain accounts for which we also provide investment advisory services. In all cases, the persons associated with our firm have been appointed trustee as a result of a family or personal relationship with the trust grantor and/or beneficiary and not as a result of employment with our firm. Therefore, we are not deemed to have custody over the advisory accounts for which persons associated with our firm serve as trustee.

### **Certified Public Accountant (CPA)**

CPA's are licensed and regulated by their state boards of accountancy. While state laws and regulations vary, the education, experience and testing requirements for licensure as a CPA generally include minimum college education (typically 150 credit hours with at least a baccalaureate degree and a concentration in accounting), minimum experience levels (most states require at least one year of experience providing services that involve the use of accounting, attest, compilation, management advisory, financial advisory, tax or consulting skills, all of which must be achieved under the supervision of or verification by a CPA), and successful passage of the Uniform CPA Examination. In order to maintain a CPA license, states generally require the completion of 40 hours of continuing professional education (CPE) each year (or 80 hours over a two year period or 120 hours over a three year period). Additionally, all American Institute of Certified Public Accountants (AICPA) members are required to follow a rigorous *Code of Professional Conduct* which requires that they act with integrity, objectivity, due care, competence, fully disclose any conflicts of interest (and obtain client consent if a conflict exists), maintain client confidentiality, disclose to the client any commission or referral fees, and serve the public interest when providing financial services. The vast majority of state boards of accountancy have adopted the AICPA's *Code of Professional Conduct* within their state accountancy laws or have created their own.

### CERTIFIED FINANCIAL PLANNER™ Professional

I am certified for financial planning services in the United States by Certified Financial Planner Board of Standards, Inc. ("CFP Board"). Therefore, I may refer to myself as a CERTIFIED FINANCIAL PLANNER™ professional or a CFP® professional, and I may use these and CFP Board's other certification marks (the "CFP Board Certification Marks"). The CFP® certification is voluntary. No federal or state law or regulation requires financial planners to hold the CFP® certification. You may find more information about the CFP® certification at [www.cfp.net](http://www.cfp.net).

CFP® professionals have met CFP Board's high standards for education, examination, experience, and ethics. To become a CFP® professional, an individual must fulfill the following requirements:

- Education** – Earn a bachelor's degree or higher from an accredited college or university and complete CFP Board-approved coursework at a college or university through a CFP Board Registered Program. The coursework covers the financial planning subject areas CFP Board has determined are necessary for the competent and professional delivery of financial planning services, as well as a comprehensive financial plan development capstone course. A candidate may satisfy some of the coursework requirement through other qualifying credentials.
- Examination** – Pass the comprehensive CFP® Certification Examination. The examination is designed to assess an individual's ability to integrate and apply a broad base of financial planning knowledge in the context of real-life financial planning situations.
- Experience** – Complete 6,000 hours of professional experience related to the personal financial planning process, or 4,000 hours of apprenticeship experience that meets additional requirements.
- Ethics** – Satisfy the *Fitness Standards for Candidates for CFP® Certification and Former CFP® Professionals Seeking Reinstatement* and agree to be bound by CFP Board's Code of Ethics and Standards of Conduct ("Code and Standards"), which sets forth the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements to remain certified and maintain the right to continue to use the CFP Board Certification Marks:

- Ethics** – Commit to complying with CFP Board's *Code and Standards*. This includes a commitment to CFP Board, as part of the certification, to act as a fiduciary, and therefore, act in the best interests of the client, at all times when providing financial advice and financial planning.

CFP Board may sanction a CFP® professional who does not abide by this commitment, but CFP Board does not guarantee a CFP® professional's services. A client who seeks a similar commitment should obtain a written engagement that includes a fiduciary obligation to the client. **Continuing Education** – Complete 30 hours of continuing education every two years to maintain competence, demonstrate specified levels of knowledge, skills, and abilities, and keep up with developments in financial planning. Two of the hours must address the Code and Standards.
